

Agencia Andaluza del Conocimiento
CONSEJERÍA DE ECONOMÍA, INNOVACIÓN, CIENCIA Y EMPLEO

Dear researcher,

The Agencia Andaluza del Conocimiento (Andalusian Knowledge Agency, AAC) manages the Talentia Postdoc Program for the International Mobility of Researchers.

The programme is co-funded by the Junta de Andalucía (Regional Government of Andalucía, Spain) and the European Union through 7PM Marie Curie Actions. It offers 16 two-year contracts to experienced researchers. For further information visit the programme website becastalentia.com.

The evaluation of applications requires at least 10 experts who will be members of the Evaluation Committee. In order to recruit those experts the AAC is calling for expressions of interest.

Experts in all scientific fields will be required, and specifically with the following profile:

- broad international research or business experience,
- a documented interest for knowledge transfer,
- a connection with the entrepreneurial world.

Experts are expected to have the language skills appropriate for the reading and understanding of the proposals. A good knowledge of English is absolutely essential and a good knowledge of other European languages, especially Spanish, is welcome.

To be taken into account:

- Each expert is expected to evaluate between 20 and 30 applications.
- Applications will be evaluated online between the 5th of May and the 6th of June 2014 which will be the deadline for submitting evaluation reports.
- Experts should be available for meeting in Córdoba, Spain, for three days between the 16th and 19th of June for Committee meetings and interviews.

If you are interested in taking part in this process please complete the form attached and send it by email to investigacion.deva.aac@juntadeandalucia.es by the 2nd of May 2014.
